European University Institute, Florence, 10-11 November 2016

The Academic Research Network on Agencification of EU Executive Governance (TARN) aims to promote multi- and interdisciplinary research about the agencification of EU executive governance and to encourage a dialogue between academia and practitioners. **On 9-11 November 2016 it organises two events at the European University Institute in Florence.** It launches a call for papers for each event.

Event 1: Young Researchers Master Class on *Agencification of EU executive governance*

On 9 November 2016 TARN will hold a one-day master class on ***agencification of EU executive governance***. The masterclass is intended for young researchers, that is PhD researchers and researchers who have recently defended their PhD. At the masterclass, young researchers will present their research relating to EU agencies or agency-like bodies which will be commented on by senior academics.
